

Anderson Eye Care is reopening to patient care **WITH RESTRICTIONS** starting Monday, May 18th!

If your appointment was cancelled due to the closure, we will be reaching out to reschedule it. Those affected by the closure will be given first priority. We have revised our schedules to minimize overlap of patients.

You and your familys' health, along with the health of our staff is our primary concern.

The following protocols are in place to ensure staff and patient safety from current guidelines:

Services by appointment only. **No walk-ins allowed.** Patient must call first.

Call from your car and wait for instructions. Curbside services available.

You are **required to wear a mask** at all times regardless of your reason of visit.

Only the patient can come in. We have a STRICT limit of the number of patients we can accommodate at one time.

Every patient must be screened by our "greeter" prior to entering the office suite.

Disinfection of exam equipment, surfaces and frames between patients.

If you have experienced any recent cold/flu/respiratory symptoms, have been in contact with someone diagnosed with COVID-19, have been tested for COVID-19 and are awaiting results, we will postpone your appointment.

If you have any questions, please contact our office at **616-459-7380** or email **eyes@andersoneye.com**.

We know how difficult this time has been for everyone, and we greatly appreciate your cooperation to ensure our staff and patients' health. We cannot wait to SEE you!

Regards,

Drs. Anderson, Sladek and Carlson
